## NOMADER 1000

TRIMS AVAILABLE: EPS, PRO, HVAC, MUD

The Nomader 1000 is expertly engineered to excel in both demanding work scenarios and thrilling recreational activities. Whether you're hauling gear to a job site or exploring rugged trails for fun, this machine is built to perform.

### Main Features

#### Upgraded Durability

Built for ultimate resilience, the Nomader 1000 features a high-yield strength alloy steel frame. This rugged foundation ensures exceptional durability and confidence no matter how tough the terrain gets.

#### Dominant Engine

Experience unrivaled power and seamless performance with the Nomader 1000. Its 100 hp engine and 93 N·m of torque deliver instant mid-range punch, effortlessly adapting to any terrain thanks to a class-leading CVT with a 36.9% wider ratio range. This means smoother transitions and extended maintenance intervals, allowing you to focus on the adventure, not the upkeep.

#### Superior Control & Comfort

Experience an incredibly smooth ride with 20% more suspension travel than competitors. This class-leading design absorbs bumps and rough terrain, giving you superior control and comfort.

#### Advanced Intelligent Features

The Nomader 1000 is loaded with advanced features for superior control and safety. Benefit from Turf mode, anti-theft, active descent control, and intelligent throttle, complemented by engine braking and three drive modes. Plus, three-mode EPS provides precise steering for any condition.

#### Haul More, Do More

The Nomader 1000 is built to tackle any task, offering a robust 992 lb (450 kg) cargo box capacity. Plus, with its impressive 1,830 lb (830 kg) towing capability, you can effortlessly bring along everything you need for the job or the adventure.
